The above table of figures, compiled from the official government statistics, shows that for three years of Democratic rule and five years of rebellion from 1860 to 1865 inclusive there was a deficit in the national treasury. From 1866 to 1873 inclusive there was a Republican surplus to apply to wiping out the national debt. Cleveland went in March 4, 1893, and for that year the surplus nearly disappeared. In 1894 and 1895 the deficit due to Democratic mismanagement of revenues and finances ran up to over \$112,000,000. Draw your own conclusions.

IN BROOKS PRECINCT.

Some Political Charges and Counter Charges.

Following appeared in the Salem Independent of April 30, from Brooks. Allow me to explain in your columns some of the reasons why the parties, other than Republicans ought to elect their ticket in Marion county this year. For example take the Labish precinct where I reside. There was a very strong league organized at one of its meetings. By a vote of thirty-six to five they instructed their president to go before the county committee and ask that three judges be appointed to preside at the primary meeting, and decide disputed questions, and the club named the man they wanted. But instead of carrying out the instructions of the club, says the president, these men asked for, are only recommended by a minority of the club, so they told him to select the judges, and he selects a majority of the judges from the corrupt minority of the Republican voters, of the precinct and those two overruled the third judge—on a statement from the deputy clerk over his own signature that the lines as recorded in 1892 were the true lines of said precinct, while a few days before County Clerk Ehlen, over the seal of his office, gave to F. J. Bolter, the lines of 1894 as recorded, being the true lines of Brooks precinct, yet the two corrupt judges took the deputy clerk's statement instead of the clerk's statement, threw out 40 Republican votes, and some were inside the lines of 1892, from voting, and took every renegade Democrat, and unprincipled Populist and voted them as Republicans. I heard a man say there were only four democrats left in the precinct. Then the minority went howling to Salem that they carried the precinct by thirty-five majority (and the majority at the convention I think were the same kind) rewarding E. W. Chapman with nomination on the ticket. And over 1800 years ago on the same line of conduct the chief priest rewarded Judas with thirty pieces of silver. This same line of conduct has been carried out by the majority of the legislative nominees of the Republican ticket.

As for Mr. Chapman's conduct, at the meeting of the McKinley club at Brooks April 17. The following resolution was passed, at full meeting by a large majority, only one No vote heard: "E. W. Chapman having betrayed his trust and violated his pledge, to this club, thus proving himself unworthy of public confidence; Therefore, be it resolved that his name be stricken from the roll of the McKinley club, of Labish precinct, and the office of president be declared vacant."

It is a well known fact that I am a high protective tariff and sound money Republican, and there is no such ticket out in Marion county this year. I have only three Populist tickets to pick out candidates from. I among 100 voters of Labish precinct have concluded we want straight goods, so we will take straight Populists and straight Democrats, in preference to crooked Republicans. Our selections will be made in the near future.

VANDERBURG STANDS.

Senator Vanderburg of Coos and Curry will not withdraw as Populist candidate for congress in this district. It is not known whether ex-Senator Jeff Myers will pull off as Democratic candidate.

If he does not, Senator Vanderburg is to be commended for his determination to make the race. He is a clean and able man. He is a business man and legislator of experience.

Mr. Vanderburg is a straight-out Populist and will receive the full vote of his party. It is now thought the fight in this district will be a three-cornered one.

REPUBLICAN PLATFORM.

The representatives of the Republicans of the state of Oregon in convention assembled, call attention to the condition of industry throughout the country, as a proof of the necessity of returning to the policy of the Republican party under which there was general prosperity during thirty years.

We reaffirm the principles of the Republican national platform of 1892, and assert that the results that have followed the change decreed by the election of that year have justified our protest against the national policy adopted by the Democratic party.

We believe that the government should have an ample revenue, with a sufficient surplus over ordinary expenditures to provide for coast defenses, for the steady building up of the navy, and for the constant reduction of the public debt. We believe that the present tariff, with its lowered rates and its destructive and dishonest system of undervaluations and discriminations as to localities, should be replaced by one framed on protective principles similar to that of the McKinley bill and arranged to give ample protection to American wages and American industry, and to restore the reciprocity policy of James G. Blaine.

We have always given protection to our shipbuilders. In late years we have neglected to protect our shipowners. We believe the time has come to restore to the policy of Washington and Hamilton, which, by discriminating duties in favor of American bottoms, secured 90 per cent of our carrying trade to American ships, and which, if now restored, would again revive our shipping and cause American freights to be paid to Americans.

The American people, from tradition and interest, favor bimetallism, and the Republican party demands the use of both gold and silver as standard money with such restrictions and under such provisions to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interest of the producers of the country—its farmers and its workmen—demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

Resolved, That we earnestly enforce the proposed amendment to the constitution of the United States, providing for the election of United States senators by popular vote, recently reported from the committee on privileges and elections by Senator Mitchell and now pending consideration in the United States Senate.

Resolved, That the application of the Oregon delegation in congress to the president of the United States and now pending before him, praying a modification of his proclamation creating the Cascade forest reserve, is hereby earnestly approved, and we appeal to the president to grant the prayer of our delegation in congress.

We realize the importance and magnitude of the fishing industry on the Columbia river and would recommend that some provisions be made for a state hatchery for artificial propagation, and that the laws regulating the closed season be rigidly enforced.

That we endorse the efforts of our representatives in congress to secure repayment to the settlers of Oregon of the excess of \$1.25 per acre wrongfully collected by the government on lands located in the limits of the uncompleted Northern Pacific railroad land grant now forfeited.

The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and to build up and maintain American commerce. It is moreover of special importance to our Pacific states, and we demand its completion as speedily as possible by the government of the United States.

We hereby endorse the action of our senators and representatives in congress in their endeavor to secure grants of pensions to Indian war veterans.

We pledge the Republican party to a rigid economy in the expenditure of public money; to the reduction of excessive salaries; and the abolishment of the fee system whenever possible, and of all useless commissions; and believe that no appropriation should be made to any school or charitable institution not under the control of the state; and oppose the incorporation into the general appropriation bill of items for the expenditure of public money not authorized by law.

We demand the enactment of rigid restrictions on foreign immigration, both for protection of our country against illiterate and vicious classes from foreign lands and for protection of our labor and preservation to our own people of the remainder of our national domain.

We commend the policy of the Republican party in relation to internal improvement, and in particular in opening our waterways to commerce, and we denounce the illiberality of Democratic party in these important matters.

Respectfully submitted,

T. E. FELL, Secretary.
